

HAGEMEYER U[®]

NORTH AMERICA

Presents

Supplied Air Respirators & Grade D Breathing Air for the Safety Professional

This seminar is offered free of charge to our valued customers

Where:

ABC Construction Training Center
2700 Twin City Hwy
Nederland, Texas 77627

When:

Thursday, May 10, 2012
10:00am – 1:00pm

Please join us for our Inaugural seminar for Hagemeyer U in the Golden Triangle area

In our industry, we depend on supplied air respirators and Grade D breathing air to protect our workers in the worst of the worst situations. Dependable respirators that meet NIOSH certifications and air that meets Grade D specifications are essential to this protection. This seminar will discuss the latest technology on supplied air respirators, NIOSH certifications, compressors, air assurance testing and OSHA compliance.

Presenting the seminar will be:

Mark A. Hernandez, CHST - OSHA
Steve Reese - Gulf Coast Breathing Air
Dale Rudloff - Hagemeyer Technical Services

Come join us for a robust and comprehensive seminar to help you answer your supplied air respirator and Grade D breathing air questions. Please Note: Includes free lunch and course materials

~ LIMITED AVAILABILITY~
